### 2. ALL US AIR FORCE STUDENTS (includes ARC Air Reserve Component):

- A. **NARRATIVE-ONLY PROMOTION RECOMMENDATION FORM (NO-PRF):** ALL USAF students (including O-6s and O-5's with line numbers), must have a NO-PRF completed by their losing unit prior to reporting to AWC
- B. **DLAB SCORE:** ALL USAF students must have a DLAB test score on-file before reporting to AWC. See your base Education Services Office. This could impact your selection for post-AWC or other future assignments
- C. **AIRMAN DEVELOPMENT PLAN (ADP):** Active Duty O-5s (without line number) must update ADPs with post-AWC assignment preferences inputs before reporting to AWC

### 3. RATED US AIR FORCE STUDENTS (includes ARC Air Reserve Component):

- A. **FLIGHT GEAR:** Do NOT turn in flight gear. Bring at least one flight suit (and ABUs) to AWC. AWC does not authorize purchasing flight gear while on inactive flying status while at AWC. Turn in Flight gear after AWC graduation if your post-AWC assignment is to a non-flying billet
- B. **AVIATION SERVICE CODE:** Ensure your FEF Aviation Service Code reflects "L", thereby waiving all flying requirements except the annual flight physical while attending school
- C. **FLIGHT RECORDS:** Active Duty aviators will retain your FEF while attending AWC. ARC aviators will leave their FEF at home station
- D. **FLYING WAIVERS:** Renew any waivers that expire before 1 October 2013
